## Basket and Underlying Stocks

For more information about the basket and the underlying stocks, including historical performance information, see the accompanying preliminary pricing supplement.

## Risk Considerations

The risks identified below are not exhaustive. Please see “Risk Factors” in the accompanying prospectus supplement, product supplement and preliminary pricing supplement for additional information.

### Risks Relating to the PLUS Generally

- § The PLUS do not pay interest or guarantee the return of any principal and your investment in the PLUS may result in a loss.
- § The appreciation potential of the PLUS is limited by the maximum payment at maturity.
- § The PLUS are subject to the credit risks of JPMorgan Financial and JPMorgan Chase & Co., and any actual or anticipated changes to our or JPMorgan Chase & Co.’s credit ratings or credit spreads may adversely affect the market value of the PLUS.
- § As a finance subsidiary, JPMorgan Financial has no independent operations and has limited assets.
- § Correlation (or lack of correlation) of performances between the basket components may reduce the performance of the basket, and changes in the values of the basket components may offset each other.
- § Secondary trading may be limited.
- § The final terms and estimated valuation of the PLUS will be provided in the pricing supplement.
- § The tax consequences of an investment in the PLUS are uncertain.

### Risks Relating to Conflicts of Interest

- § Economic interests of the issuer, the guarantor, the calculation agent, the agent of the offering of the PLUS and other affiliates of the issuer may be different from those of investors.
- § Hedging and trading activities by the issuer and its affiliates could potentially affect the value of the PLUS.

### Risks Relating to the Estimated Value and Secondary Market Prices of the PLUS

- § The estimated value of the PLUS will be lower than the original issue price (price to public) of the PLUS.
- § The estimated value of the PLUS does not represent future values of the PLUS and may differ from others’ estimates.
- § The estimated value of the PLUS is derived by reference to an internal funding rate.
- § The value of the PLUS as published by J.P. Morgan Securities LLC (and which may be reflected on customer account statements) may be higher than the then-current estimated value of the PLUS for a limited time period.
- § Secondary market prices of the PLUS will likely be lower than the original issue price of the PLUS.
- § Secondary market prices of the PLUS will be impacted by many economic and market factors.

### Risks Relating to the Underlying Stocks

- § The underlying stocks are concentrated in the energy sector.
- § There are risks associated with investments in securities linked to the values of securities issued by non-U.S. companies with respect to SLB, NBR and RIG.
- § Investing in the PLUS is not equivalent to investing in the basket or the basket components.
- § No affiliation with the issuers of the underlying stocks.
- § We may engage in business with or involving an issuer of an underlying stock without regard to your interests.
- § Governmental legislative and regulatory actions, including sanctions, could adversely affect your investment in the PLUS.
- § The anti-dilution protection for the underlying stocks is limited and may be discretionary.

## Tax Considerations

You should review carefully the discussion in the accompanying preliminary pricing supplement under “Additional Information about the PLUS — Tax considerations” concerning the U.S. federal income tax consequences of an investment in the PLUS, and you should consult your tax adviser.
