The following is a summary of the terms of the notes offered by the preliminary pricing supplement hyperlinked below.

Summary of Terms

Issuer: JPMorgan Chase Financial Company LLC
Guarantor: JPMorgan Chase & Co.
Minimum Denomination: $1,000
Indices: Russell 2000® Index, S&P 500® Index and NASDAQ-100® Index
Pricing Date: July 26, 2023
Final Review Date: June 26, 2029
Maturity Date: July 1, 2025
Review Dates: Monthly
Contingent Interest Rate: Between 7.00% and 9.00% per annum, payable monthly at a rate of between 0.853333% and 0.75% per annum, if applicable.
Interest Barrier: With respect to each Index, an amount that represents 70.00% of its Initial Value
Trigger Value: With respect to each Index, an amount that represents 60.00% of its Initial Value
CUSIP: 451133YN4
Estimated Value: The estimated value of the notes, when the terms of the notes are set, will not be less than $509.00 per $1,000 principal amount note. For information about the estimated value of the notes, which likely will be lower than the price you paid for the notes, please see the hyperlink above.

Early Redemption

You, at your election, may redeem the notes early in whole but not in part, on any of the Interest Payment Dates (other than the first, second and final Interest Payment Dates) at a price, for each $1,000 principal amount note, equal to (a) $1,000 plus (b) the Contingent Interest Payment, if any, applicable to the immediately preceding Review Date. If we intend to redeem your notes early, we will deliver notice to The Depository Trust Company, or DTC, at least three business days before the applicable Interest Payment Date on which the notes are redeemed early.

Payment at Maturity

If the notes have not been redeemed early and the Final Value of each Index is greater than or equal to its Trigger Value, you will receive a cash payment at maturity, for each $1,000 principal amount note, equal to (a) $1,000 plus (b) the Contingent Interest Payment, if any, applicable to the Final Review Date.

If the notes have not been redeemed early and the Final Value of any Index is less than its Trigger Value, your payment at maturity per $1,000 principal amount note will be calculated as follows:

$1,000 + ($1,000 x Least Performing Index Return)

If the notes have not been redeemed early and the Final Value of any Index is less than its Trigger Value, you will lose more than 40.00% of your principal amount at maturity and could lose all of your principal amount at maturity.

Capitalized terms used but not defined herein shall have the meanings set forth in the preliminary pricing supplement.

Any payment on the notes is subject to the credit risk of JPMorgan Chase Financial Company LLC, as issuer of the notes, and the credit risk of JPMorgan Chase & Co., as guarantor of the notes.

This table does not show how your interest payments can vary over the term of your notes.

Contingent Interest

If the notes have not been redeemed early and the Final Value of each Index is greater than or equal to its Trigger Value, you will receive on the applicable interest payment date for each $1,000 principal amount note a Contingent Interest Payment equal to between $5,000 and $7,500 (expressed as a percentage between 0.853333% and 1.25% per annum, payable at a rate between 0.853333% and 1.25% per annum).

The hypothetical payments shown above are hypothetical payments that would be associated with any Index in the secondary market. If these fees and expenses were included, the hypothetical payments shown above would likely be lower.

Selected Risks

- Your investment in the notes may result in a loss. The notes do not guarantee any return of principal.
- The notes do not guarantee the payment of interest and may not pay interest at all.
- Any payment on the notes is subject to the credit risks of JPMorgan Chase Financial Company LLC and JPMorgan Chase & Co. Therefore, the value of the notes prior to maturity will be subject to changes in the market’s view of the solvency of JPMorgan Chase Financial Company LLC or JPMorgan Chase & Co.
- The appreciation potential of the notes is limited to the sum of any Contingent Interest Payments that may be paid over the term of the notes.
- You are exposed to the risk of decline in the value of each Index.
- Your payment at maturity will be determined by the Least Performing Index.
- The benefits provided by the Trigger Value may terminate on the Final Review Date.
- The optional early redemption feature may force a potentially early exit.
- No dividend payments or voting rights.
- JPMorgan Chase & Co. is currently one of the companies that make up the S&P 500® Index.
- The notes are subject to the risks associated with non-U.S. securities.
- As a finance subsidiary, JPMorgan Chase Financial Company LLC has an independent operations and has limited assets.

Selected Risks (continued)

- The estimated value of the notes will be lower than the original issue price prior to public offering of the notes.
- The estimated value of the notes is determined by reference to an internal funding rate.
- The estimated value of the notes does not represent future values and may differ from others estimations.
- The value of the notes, which may be reflected in customer account statements, may be higher or than current estimated value of the notes for a limited time period.
- Loss of liquidity. JPMorgan Securities LLC (as we refer to as JPMIS) intends to offer to purchase the notes in the secondary market but is not required to do so. The price, if any, at which JPMIS will be willing to purchase notes from you in the secondary market, if at all, may result in a significant loss of your principal.
- Potential conflicts. We and our affiliates play a variety of roles in connection with the issuance of notes, including acting as calculation agent and hedging our obligations under the notes, and making the assumptions used to determine the pricing of the notes, and the estimated value of the notes, when the terms of the notes are set. It is possible that such hedging or other trading activities of J.P. Morgan and its affiliates could result in substantial returns for J.P. Morgan and its affiliates while the value of the notes decline.
- The tax consequences of the notes may be uncertain. You should consult your tax adviser regarding the U.S. federal income tax consequences of an investment in the notes.

The risks identified above are not exhaustive. Please see “Risk Factors” in the prospectus supplement and the applicable product supplement and “Selected Risk Considerations” in the applicable preliminary pricing supplement for additional information.
