Recitals

A. On the date hereof, the Corporation is issuing \$750,010,000 aggregate principal amount of its Floating Rate Capital Efficient Notes, Series W (the “*CENts*”) to JPMorgan Chase Capital XXIII (the “*Trust*”).

B. On the date hereof, the Trust is issuing \$750,000,000 aggregate liquidation amount of its Floating Rate Capital Securities, Series W (the “*Capital Securities*”) and, together with the CENts, the “*Securities*”).

C. This Replacement Capital Covenant is the “*Replacement Capital Covenant*” referred to in the Prospectus Supplement, dated May 18, 2007, relating to the Capital Securities (together with the Prospectus, dated September 1, 2005 attached thereto, the “*Prospectus Supplement*”).

D. The Corporation is entering into and disclosing the content of this Replacement Capital Covenant in the manner provided below with the intent that the covenants provided for in this Replacement Capital Covenant be enforceable by each Covered Debtholder and that the Corporation be estopped from disregarding the covenants in this Replacement Capital Covenant, in each case to the fullest extent permitted by applicable law.

E. The Corporation acknowledges that reliance by each Covered Debtholder upon the covenants in this Replacement Capital Covenant is reasonable and foreseeable by the Corporation and that, were the Corporation to disregard its covenants in this Replacement Capital Covenant, each Covered Debtholder would have sustained an injury as a result of its reliance on such covenants.

NOW, THEREFORE, the Corporation hereby covenants and agrees as follows in favor of and for the benefit of each Covered Debtholder.

SECTION 1. *Definitions*. Capitalized terms used in this Replacement Capital Covenant (including the Recitals) have the meanings set forth in Schedule I hereto.

SECTION 2. *Limitations on Repayment, Redemption and Purchase of Securities*. The Corporation hereby promises and covenants to and for the benefit of each Covered Debtholder that the Corporation shall not repay, redeem or purchase, nor shall any Subsidiary (including the Trust) purchase, all or any part of the Securities on or before May 15, 2057 except to the extent that (a) in the case of a redemption or purchase prior to May 15, 2047, the Corporation has obtained the prior approval of the Federal Reserve if such approval is then required under the Federal Reserve’s capital guidelines applicable to bank holding companies and (b) the principal amount repaid, or the applicable redemption or purchase price, does not exceed the sum of the following amounts:

(i) the Applicable Percentage of the aggregate amount of net cash proceeds received by the Corporation and its Subsidiaries from the sale of Common Stock and rights to acquire Common Stock (including Common Stock or rights to acquire Common Stock issued pursuant to the Corporation’s dividend reinvestment plan or employee benefit plans), Debt Exchangeable for Common Equity, Debt Exchangeable for Preferred Equity, Mandatorily Convertible Preferred Stock or REIT Preferred Securities and Qualifying Capital Securities; plus

(ii) the Applicable Percentage of the Market Value of any Common Stock that the Corporation or its Subsidiaries have (x) delivered as consideration for property or assets in an arm’s-length transaction or (y) issued in connection with the conversion or exchange of any convertible or exchangeable securities, other than securities for which the Corporation or any of its Subsidiaries has received equity credit from any NRSRO;

in each case to Persons other than the Corporation and its Subsidiaries within the applicable Measurement Period (without double counting proceeds received in any prior Measurement Period); *provided* that the provisions of this Section 2 shall not apply to (i) the purchase of the Securities or any portion thereof by Subsidiaries in connection with the distribution thereof or market-making or other secondary-market activities or (ii) any distribution of the CENts to holders of the Capital Securities upon a dissolution of the Trust. For purposes of this Replacement Capital Covenant, the term “*repay*” includes the defeasance by the Corporation of the CENts as well as the satisfaction and discharge of its obligations under the Indenture with respect to the CENts.

SECTION 3. *Covered Debt*. (a) The Corporation represents and warrants that the Initial Covered Debt is Eligible Debt.

(b) On or during the 30-day period immediately preceding any Redesignation Date with respect to the Covered Debt then in effect, the Corporation shall identify the series of Eligible Debt that will become the Covered Debt on and after such Redesignation Date in accordance with the following procedures:

(i) the Corporation shall identify each series of its then outstanding long-term indebtedness for money borrowed that is Eligible Debt;

(ii) if only one series of the Corporation’s then outstanding long-term indebtedness for money borrowed is Eligible Debt, such series shall become the Covered Debt commencing on the related Redesignation Date;

(iii) if the Corporation has more than one outstanding series of long-term indebtedness for money borrowed that is Eligible Debt, then the Corporation shall identify the series that has the latest occurring final maturity date as of the date the Corporation is applying the procedures in this Section 3(b) and such series shall become the Covered Debt on the next Redesignation Date;

(iv) if the Corporation has no outstanding series of long-term indebtedness for money borrowed that is Eligible Debt, but JPMorgan Chase Bank, National Association is a Subsidiary and JPMorgan Chase Bank, National Association has only one outstanding series of long-term indebtedness for money borrowed that is Eligible Debt, such series shall become the Covered Debt commencing on the related Redesignation Date;

(v) if the Corporation has no outstanding series of long-term indebtedness for money borrowed that is Eligible Debt, but JPMorgan Chase Bank, National Association is a Subsidiary and JPMorgan Chase Bank, National Association has more than one outstanding series of long-term indebtedness for money borrowed that is Eligible Debt, then the Corporation shall identify

the series that has the latest occurring final maturity date as of the date the Corporation is applying the procedures in this Section 3(b) and such series shall become the Covered Debt on the next Redesignation Date;

(vi) the series of outstanding long-term indebtedness for money borrowed that is determined to be Covered Debt pursuant to clause (ii), (iii), (iv) or (v) above shall be the Covered Debt for purposes of this Replacement Capital Covenant for the period commencing on the related Redesignation Date and continuing to but not including the Redesignation Date as of which a new series of outstanding long-term indebtedness is next determined to be the Covered Debt pursuant to the procedures set forth in this Section 3(b); and

(vii) in connection with such identification of a new series of Covered Debt, the Corporation shall, as provided for in Section 3(c), give a notice and file with the Commission a current report on Form 8-K including or incorporating by reference this Replacement Capital Covenant as an exhibit within the time frame provided for in such section.

(c) *Notice.* In order to give effect to the intent of the Corporation described in Recital D, the Corporation covenants that:

(i) simultaneously with the execution of this Replacement Capital Covenant or as soon as practicable after the date hereof, it shall (A) give notice to the Holders of the Initial Covered Debt, in the manner provided in the indenture relating to the Initial Covered Debt, of this Replacement Capital Covenant and the rights granted to such Holders hereunder and (B) file a copy of this Replacement Capital Covenant with the Commission as an Exhibit to a Form 8-K under the Securities Exchange Act;

(ii) so long as the Corporation is a reporting company under the Securities Exchange Act, the Corporation shall include in each annual report filed with the Commission on Form 10-K under the Securities Exchange Act a description of the covenant set forth in Section 2 and identify the series of long-term indebtedness for borrowed money that is Covered Debt as of the date such Form 10-K is filed with the Commission;

(iii) if a series of the Corporation's or JPMorgan Chase Bank, National Association's long-term indebtedness for money borrowed (1) becomes Covered Debt or (2) ceases to be Covered Debt, the Corporation shall give notice of such occurrence within 30 days to the holders of such long-term indebtedness for money borrowed in the manner provided for in the indenture, fiscal agency agreement or other instrument under which such long-term indebtedness for money borrowed was issued and report such change in a current report on Form 8-K including or incorporating by reference this Replacement Capital Covenant, and in the Corporation's next quarterly report on Form 10-Q or annual report on Form 10-K, as applicable;

(iv) if, and only if, the Corporation ceases to be a reporting company under the Securities Exchange Act, the Corporation shall (A) post on its website (or any other similar electronic platform generally available to the public) the information otherwise required to be included in Securities Exchange Act filings pursuant to clauses (ii) and (iii) of this Section 3(c) and (B) cause a notice of the execution of this Replacement Capital Covenant to be posted on the Bloomberg screen for the Covered Debt or any successor Bloomberg screen and each similar third-party vendor's screen the Corporation reasonably believes is appropriate (each an "*Investor Screen*") and cause a hyperlink to a definitive copy of this Replacement Capital Covenant to be

-3-

included on the Investor Screen for each series of Covered Debt, in each case to the extent permitted by Bloomberg or such similar third-party vendor, as the case may be; and

(v) promptly upon request by any Holder of Covered Debt, the Corporation shall provide such Holder with an executed copy of this Replacement Capital Covenant.

(d) The Corporation agrees that, if at any time the Covered Debt is held by a trust (for example, where the Covered Debt is part of an issuance of trust preferred securities), a holder of the securities issued by such trust may enforce (including by instituting legal proceedings) this Replacement Capital Covenant directly against the Corporation as though such holder owned Covered Debt directly, and such holder shall be deemed to be holder of "*Covered Debt*" for purposes of this Replacement Capital Covenant for so long as the indebtedness held by such trust remains Covered Debt hereunder.

SECTION 4. *Termination, Amendment and Waiver.* (a) The obligations of the Corporation pursuant to this Replacement Capital Covenant shall remain in full force and effect until the earliest date (the "*Termination Date*") to occur of:

(i) May 15, 2057;

(ii) the date, if any, on which the Holders of a majority in principal amount of the then effective series of Covered Debt consent or agree in writing to the termination of this Replacement Capital Covenant and the obligations of the Corporation hereunder;

(iii) the date on which neither the Corporation nor JPMorgan Chase Bank, National Association has any series of outstanding Eligible Senior Debt or Eligible Subordinated Debt (in each case without giving effect to the rating requirement in clause (ii) of the definition of each such term); and

(iv) the occurrence of an event of default that results in the acceleration of the CENts.

From and after the Termination Date, the obligations of the Corporation pursuant to this Replacement Capital Covenant shall be of no further force and effect.

(b) This Replacement Capital Covenant may be amended or supplemented from time to time in a written instrument signed by the Corporation with the consent of the Holders of at least a majority by principal amount of the then-effective series of Covered Debt, *provided that* this Replacement Capital Covenant may be amended or supplemented from time to time by a written instrument signed only by the Corporation (and without the consent of the Holders of the then effective series of Covered Debt) if:

(i) such amendment or supplement eliminates Common Stock, Debt Exchangeable for Common Stock, rights to acquire Common Stock, and/or Mandatorily Convertible Preferred Stock as a Replacement Capital Security, if after the date of this Replacement Capital Covenant, an accounting standard or interpretive guidance of an existing accounting standard issued by an organization or regulator that has responsibility for establishing or

interpreting accounting standards in the United States becomes effective such that there is more than an insubstantial risk that failure to eliminate Common Stock, Debt Exchangeable for Common Stock, rights to acquire Common Stock and/or Mandatorily Convertible Preferred Stock as a Replacement Capital Security would result in a reduction in the Corporation's earnings per share as calculated in accordance with generally accepted accounting principles in the United States;

-4-

(ii) such amendment or supplement is not adverse to the Holders of the then-effective series of Covered Debt and an officer of the Corporation has delivered to the Holders of the then-effective series of Covered Debt in the manner provided for in the indenture, fiscal agency agreement or other instrument with respect to such Covered Debt a written certificate stating that, in his or her determination, such amendment or supplement is not adverse to the Holders of the then-effective series of Covered Debt; or

(iii) the effect of such amendment or supplement is solely to impose additional restrictions on, or eliminate certain of, the types of securities qualifying as Replacement Capital Securities, and an officer of the Corporation has delivered to the Holders of the then-effective series of Covered Debt in the manner provided for in the indenture, fiscal agency agreement or other instrument with respect to such Covered Debt a written certificate to that effect.

(c) For purposes of Sections 4(a) and 4(b), the Holders whose consent or agreement is required to terminate, amend or supplement the obligations of the Corporation under this Replacement Capital Covenant shall be the Holders of the then effective Covered Debt as of a record date established by the Corporation that is not more than 30 days prior to the date on which the Corporation proposes that such termination, amendment or supplement becomes effective.

SECTION 5. *Miscellaneous.* (a) This Replacement Capital Covenant shall be governed by and construed in accordance with the laws of the State of New York.

(b) This Replacement Capital Covenant shall be binding upon the Corporation and its successors and assigns and shall inure to the benefit of the Covered Debtholders as they exist from time to time (it being understood and agreed by the Corporation that any Person who is a Covered Debtholder at the time such Person acquires, holds or sells Covered Debt shall retain its status as a Covered Debtholder for so long as the series of long-term indebtedness for borrowed money owned by such Person is Covered Debt and, if such Person initiates a claim or proceeding to enforce its rights under this Replacement Capital Covenant after the Corporation has violated its covenants in Section 2 and before the series of long-term indebtedness for money borrowed held by such Person is no longer Covered Debt, such Person's rights under this Replacement Capital Covenant shall not terminate by reason of such series of long-term indebtedness for money borrowed no longer being Covered Debt).

(c) All demands, notices, requests and other communications to the Corporation under this Replacement Capital Covenant shall be deemed to have been duly given and made if in writing and (i) if served by personal delivery upon the Corporation, on the day so delivered (or, if such day is not a Business Day, the next succeeding Business Day), (ii) if delivered by registered post or certified mail, return receipt requested, or sent to the Corporation by a national or international courier service, on the date of receipt by the Corporation (or, if such date of receipt is not a Business Day, the next succeeding Business Day), or (iii) if sent by telecopier, on the day telecopied, or if not a Business Day, the next succeeding Business Day, *provided* that the telecopy is promptly confirmed by telephone confirmation thereof, and in each case to the Corporation at the address set forth below, or at such other address as the Corporation may thereafter notify to Covered Debtholders or post on its website as the address for notices under this Replacement Capital Covenant:

Schedule I

Definitions

“Alternative Payment Mechanism” means, with respect to any Qualifying Capital Securities, provisions in the related transaction documents permitting the Corporation, in its sole discretion, or in response to a directive or order from the Federal Reserve, to defer or skip in whole or in part payment of Distributions on such Qualifying Capital Securities for one or more consecutive Distribution Periods up to 10 years and requiring the Corporation to issue (or use Commercially Reasonable Efforts to issue) one or more types of APM Qualifying Securities raising eligible proceeds at least equal to the deferred Distributions on such Qualifying Capital Securities and apply the proceeds to pay unpaid Distributions on such Qualifying Capital Securities, commencing on the earlier of (x) the first Distribution Date after commencement of a deferral period on which the Corporation pays current Distributions on such Qualifying Capital Securities and (y) the fifth anniversary of the commencement of such deferral period, and that:

(a) define “eligible proceeds” to mean, for purposes of such Alternative Payment Mechanism, the net proceeds (after underwriters’ or placement agents’ fees, commissions or discounts and other expenses relating to the issuance or sale of the relevant securities, where applicable, and including the fair market value of property received by the Corporation or any of its Subsidiaries as consideration for such APM Qualifying Securities) that the Corporation has received during the 180 days prior to the related Distribution Date from the issuance of APM Qualifying Securities, up to the Preferred Cap in the case of APM Qualifying Securities that are Qualifying Preferred Stock or Mandatorily Convertible Preferred Stock;

(b) permit the Corporation to pay current Distributions on any Distribution Date out of any source of funds but (i) require the Corporation to pay deferred Distributions only out of eligible proceeds and (ii) prohibit the Corporation from paying deferred Distributions out of any source of funds other than eligible proceeds;

(c) if deferral of Distributions continues for more than one year, require the Corporation and its Subsidiaries not to redeem or purchase any of its securities ranking junior to or *pari passu* with any APM Qualifying Securities the proceeds of which were used to settle deferred interest during the relevant deferral period until at least one year after all deferred Distributions have been paid (a “Repurchase Restriction”), other than the following (none of which shall be restricted or prohibited by a Repurchase Restriction):

(I) purchases of such Securities by Subsidiaries of the Corporation in connection with the distribution thereof or market-making or other secondary-market activities;

(II) purchases, redemptions or other acquisitions of shares of Common Stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or consultants; or

(III) purchases of shares of Common Stock pursuant to a contractually binding requirement to buy Common Stock entered into prior to the beginning of the related deferral period, including under a contractually binding stock repurchase plan;

I-1

(d) notwithstanding clause (a) of this definition, if the Federal Reserve disapproves the Corporation’s sale of APM Qualifying Securities or the use of the proceeds thereof to pay deferred Distributions, may (if the Corporation elects to so provide in the terms of such Qualifying Capital Securities) permit the Corporation to pay deferred Distributions from any source or, if the Federal Reserve does not disapprove the Corporation’s issuance and sale of APM Qualifying Securities but disapproves the use of the proceeds thereof to pay deferred Distributions, may (if the Corporation elects to so provide in the terms of such Qualifying Capital Securities) permit the Corporation to use such proceeds for other purposes and to continue to defer Distributions, without a breach of its obligations under the transaction documents;

(e) limit the obligation of the Corporation to issue (or use Commercially Reasonable Efforts to issue) APM Qualifying Securities that are Common Stock and Qualifying Warrants to settle deferred Distributions pursuant to the Alternative Payment Mechanism either (i) during the first five years of any deferral period or (ii) before an anniversary of the commencement of any deferral period that is not earlier than the fifth such anniversary and not later than the ninth such anniversary (as designated in the terms of such Qualifying Capital Securities) with respect to deferred Distributions attributable to the first five years of such deferral period, either:

(I) to an aggregate amount of such securities, the net proceeds from the issuance of which is equal to 2% of the product of the average of the current Market Value of the Common Stock on the 10 consecutive trading days ending on the fourth trading day immediately preceding the date of issuance multiplied by the total number of issued and outstanding shares of Common Stock as of the date of the Corporation’s most recent publicly available consolidated financial statements; or

(II) to a number of shares of Common Stock and shares purchasable upon exercise of Qualifying Warrants, in the aggregate, not in excess of 2% of the outstanding number of shares of Common Stock (the “Common Cap”);

(f) limit the right of the Corporation to issue APM Qualifying Securities that are Qualifying Preferred Stock and Mandatorily Convertible Preferred Stock to settle deferred Distributions pursuant to the Alternative Payment Mechanism to an aggregate amount of Qualifying Preferred Stock and still-outstanding Mandatorily Convertible Preferred Stock issued pursuant to the Alternative Payment Mechanism, the net proceeds from the issuance of which with respect to all deferral periods is equal to 25% of the liquidation or principal amount of such Qualifying Capital Securities (the “Preferred Cap”);

(g) in the case of Qualifying Capital Securities other than preferred stock, include a Bankruptcy Claim Limitation Provision;

(h) may include a provision that, notwithstanding the Common Cap and the Preferred Cap, for purposes of paying deferred Distributions, limits the Corporation’s ability to sell shares of its Common Stock, Qualifying Warrants or Mandatorily Convertible Preferred Stock above an aggregate cap specified in the transaction documents (a “Share Cap”), subject to the Corporation’s agreement to use commercially reasonable efforts to increase the Share Cap amount from time to time to a number of shares of Common Stock that would allow it to satisfy its obligations to pay deferred Distributions; and

I-2

(i) permit the Corporation, at its option, to provide that if it is involved in a merger, consolidation, amalgamation, binding share exchange or conveyance, transfer or lease of assets substantially as an entirety to any other person or a similar transaction (a “Business Combination”) where

immediately after the consummation of the Business Combination more than 50% of the surviving or resulting entity's voting stock is owned by the shareholders of the other party to the Business Combination, then clauses (a) through (b) of this definition will not apply to any deferral period that is terminated on the next Distribution Date following the date of consummation of the Business Combination (or if later, at any time within 90 days following the date of consummation of the Business Combination);

provided (and it being understood) that:

(i) the Corporation shall not be obligated to issue (or use Commercially Reasonable Efforts to issue) APM Qualifying Securities for so long as a Market Disruption Event has occurred and is continuing;

(ii) if, due to a Market Disruption Event or otherwise, the Corporation is able to raise and apply some, but not all, of the eligible proceeds necessary to pay all deferred Distributions on any Distribution Date, the Corporation will apply any available eligible proceeds to pay accrued and unpaid Distributions on the applicable Distribution Date in chronological order subject to the Common Cap, the Share Cap and the Preferred Cap, as applicable; and

(iii) if the Corporation has outstanding more than one class or series of securities under which it is obligated to sell a type of APM Qualifying Securities and apply some part of the proceeds to the payment of deferred Distributions, then on any date and for any period the amount of net proceeds received by the Corporation from those sales and available for payment of deferred Distributions on such securities shall be applied to such securities on a *pro rata* basis up to the Common Cap, the Share Cap and the Preferred Cap, as applicable, in proportion to the total amounts that are due on such securities, or on such other basis as the Federal Reserve may approve.

"APM Qualifying Securities" means, with respect to an Alternative Payment Mechanism or any Mandatory Trigger Provision, one or more of the following (as designated in the transaction documents for any Qualifying Capital Securities that include an Alternative Payment Mechanism or a Mandatory Trigger Provision, as applicable):

- (iii) Mandatorily Convertible Preferred Stock; or
- (iv) Qualifying Preferred Stock;

provided (and it being understood) that (I) if the APM Qualifying Securities for any Alternative Payment Mechanism or Mandatory Trigger Provision include both Common Stock and Qualifying Warrants, (w) such Alternative Payment Mechanism or Mandatory Trigger Provision may permit, but need not require, the Corporation to issue Qualifying Warrants and (x) the Corporation may, without the consent of the holders of the Qualifying Capital Securities, amend the definition of "APM Qualifying Securities" to eliminate Common Stock or Qualifying Warrants (but not both) from the definition if the Corporation has

I-3

been advised in writing by a nationally recognized independent accounting firm that there is more than an insubstantial risk that the failure to do so would result in a reduction in its earnings per share as calculated for financial reporting purposes; and (II) if the APM Qualifying Securities" for any Alternative Payment Mechanism or Mandatory Trigger Provision include Mandatorily Convertible Preferred Stock, (y) such Alternative Payment Mechanism or Mandatory Trigger Provision may permit, but need not require, the Corporation to issue Mandatorily Convertible Preferred Stock; and (z) the Corporation may, without the consent of the holders of the Qualifying Capital Securities, amend the definition of "APM Qualifying Securities" to eliminate Mandatorily Convertible Preferred Stock from the definition if the Corporation has been advised in writing by a nationally recognized independent accounting firm that there is more than an insubstantial risk that the failure to do so would result in a reduction in its earnings per share as calculated for financial reporting purposes.

"Applicable Percentage" means:

(i) with respect to Common Stock and rights to acquire Common Stock (including Common Stock or rights to acquire Common Stock issued pursuant to the Corporation's dividend reinvestment plan or employee benefit plans), 133.33% prior to May 15, 2027, 200% on or after May 15, 2027 and prior to May 15, 2047, and 400% on or after May 15, 2047;

(i) in the case of Qualifying Capital Securities that have an Alternative Payment Mechanism or Mandatory Trigger Provision with respect to which the APM Qualifying Securities do not include Qualifying Preferred Stock or Mandatorily Convertible Preferred Stock, 25% of the stated or principal amount of such Qualifying Capital Securities then outstanding; and

I-4
