J.P. Morgan Securities LLC

Weighted average and maturity of securities in which JPMS LLC has invested customer funds as of
August 31, 2014

The J.P. Morgan Securities LLC ("JPMS LLC") and J.P. Morgan Clearing Corp. ("JPMCC") (collectively referred to as "the Company") under CFTC Rule 1.25 Investment Guidelines require management of its customer investment program with the primary objectives of preserving principal and maintaining liquidity. The Company sets investment guidelines and determines the appropriateness of specific investments of customer funds in accordance with CFTC Rule 1.25 based upon its internal assessment of permitted investments in consultation with credit on the basis of market, credit, counterparty, operational and liquidity risks. The Company evaluates its daily liquidity needs and structures its investment holding as part of its daily funding process to ensure the liquidity required to meet its cash liquidity needs for both clearing house and client settlement requirements is maintained. The current average weighted maturity of CFTC Rule 1.25 investments held is 1 day and the average weighted coupon is 0 percent.
