Estimated Value: The estimated value of the notes, when the terms of the notes are set, will not be less than $67.50 per $1,000 principal amount note. For information about the estimated value of the notes, which likely will be lower than the price you paid for the notes, please see the hyperlink above.

Any payment on the notes is subject to the credit risk of JPMorgan Chase Financial Company LLC, as issuer of the notes, and the credit risk of JPMorgan Chase & Co., as guarantor of the notes.

The maximum amount will be provided in the pricing supplement and will not be less than $67.50 per $1,000 principal amount note.

The "total return" as used above is the number, expressed as a percentage, that results from comparing the payment at maturity per $1,000 principal amount note to $1,000.

The hypothetical returns shown above apply only at maturity. These hypotheticals do not reflect fees or expenses that would be associated with any sale in the secondary market. If these fees and expenses were included, the hypothetical returns shown above would likely be lower.
